#### **2. Welsh Government Business Grants (WG)**

The Welsh Government has announced a £1.4bn support package for all businesses listed on the business rates register, covering Business Rate Relief and Business Grants

The Business Grant has 2 different components.

Local Authorities are administering these two grants in Wales. For more information click [here](#). The advice from Business Wales is that organisations should not try and call the Local Authority, but that the information required is online, and on the link above (see 'click here' above).

### **Can childcare providers apply?**

Grant 2 will be applicable to childcare providers. It is available for those eligible for Small Business Rates Relief with a rateable value of £12,000 or less.
